ABOUT THE BOOK:

She was the first woman to run for President. She was the first woman to address the U.S. Congress and to operate a brokerage firm on Wall Street. She's the woman Gloria Steinem called "the most controversial Suffragist of them all." So why have most people never heard of Victoria Woodhull? In this extensively researched biography, journalist Mary Gabriel offers readers a balanced portrait of a unique and complicated woman who has years ahead of her time - and perhaps ahead of our own.
