**ABOUT THE BOOK**

Her palace shimmered with onyx and gold, but was richer still in political and sexual intrigue. Above all else, Cleopatra was a shrewd strategist and an ingenious negotiator. She was married twice, each time to a brother. She waged a brutal civil war against the first husband, and she poisoned the next. She had children with Julius Caesar and Mark Anthony, two of the most prominent Romans of the day. Famous long before she was notorious, Cleopatra has gone down in history for all the wrong reasons.
